Construction Equipment Financing Programs

Specialized Industrial Equipment Financing to Meet the Unique Needs of Distributors

Construction equipment can come with a hefty price tag, making it challenging to find the necessary assets without straining finances or disrupting cash flow. First Financial Equipment Leasing offers acquisition plans that allow businesses to preserve cash while obtaining the equipment required to meet evolving business demands.

Over the last two decades, we have developed long-lasting relationships with manufacturers, dealers, and vendors throughout the US, Canada, and Mexico. Our construction industry pros have a detailed knowledge of your industry and the challenges facing your business. Working side by side through the acquisition process, we create solutions that align with current needs and budgets while preparing for future upgrades and seasonal fluctuations.

A well-executed construction equipment acquisition plan from First Financial Equipment Leasing will increase profitability, accommodate growth and reduce the risks associated with maintaining outdated assets. Having the right equipment at the right price allows businesses to push forward onto more significant projects and build a solid foundation for future expansion.
