# About First Financial Energy & Infrastucture

## About
## First Financial
## Energy & Infrastructure

Combining Industry and  Financial Market Expertise
to Drive a New Era of Change

## Why Choose First Financial Energy & Infrastructure

- First Financial Energy & Infrastructure is a division of First Financial Equipment Leasing, a privately held lender specializing in the acquisition of Construction & Heavy Equipment, Healthcare, IT Solutions and Services, Material Handling & Automation, and Renewable Energy & Solar.
- For over 20 years, First Financial Equipment Leasing has provided financing solutions designed to conserve capital and offer affordable access to often expensive yet increasingly critical, advanced technologies and equipment.
- First Financial Energy & Infrastructure is also a part of the JA Mitsui Leasing family, a collaboration between Mitsui & Co. (with a revenue of $96 billion in 2022) and Norinchukin Bank (with assets totaling $1.05 trillion in 2022).
- First Financial Energy & Infrastructure is well-equipped to finance projects from $10M to $100M+.

## Leadership
