Sustainable Energy Finance

Sustainable Energy Finance

Welcome to First Financial Energy & Infrastructure, offering direct lending to energy and infrastructure projects in the Americas.

We are dedicated to empowering developers in the shift towards a greener and more sustainable energy future for the world we live in.

Our Approach

Our company is a member of the JA Mitsui Leasing family, a partnership between Mitsui & Co. and Norinchukin Bank. This collaboration gives us the stability and resources necessary to fund projects for our customers.

Our area of expertise lies in the development and financing of renewable and sustainable infrastructure projects. We can efficiently evaluate and carry out debt facilities for projects of all sizes, ranging from small community initiatives to large utility-scale installations.

We are a full service debt provider with financing options available for utility and community scale renewable projects, battery systems, and LNG/RNG.
